- Special events and road closures

**Stay safe**

## Staying safe over Easter

With Easter approaching, service providers need to make sure drivers are aware of the greater risk of road incidents that comes with more vehicles on the road due to long weekend travel.

Over Easter, driver fatigue and hazards caused by heavy traffic queues also increase. Everyone in the industry should take extra care on the roads and always drive to the conditions. See our website for [Easter traffic advice](#) that can be easily shared.

Now is also a good time to

processes and procedures on driver fatigue in your Safety Management System, along with the dangers of driving tired. See our [fact sheet](#) for more information.

## Stay connected

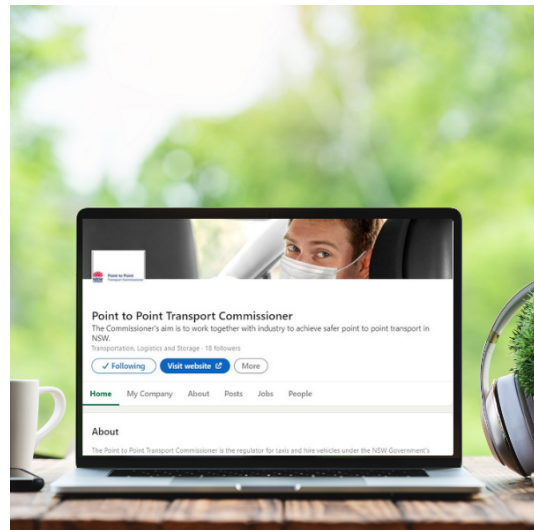

### We have a NEW LinkedIn page

The Point to Point Transport Commissioner has a new LinkedIn page that will replace our current LinkedIn page, following an upgrade to our LinkedIn account.

The new page will feature all of the same informative updates and safety messaging, however it will now be easier for people to connect with us, and provides additional features so that we can better communicate with you.

We will no longer be posting to the old LinkedIn page, so visit the new LinkedIn page and **follow** today to stay connected:

and after the last two years commemorations being impacted by COVID-19, the number of people attending services and marches throughout NSW is expected to be high. Please ensure drivers are aware of road closures and road restrictions that will be in place throughout the day.

We hope everyone has a chance to remember and commemorate the service and sacrifice of those who have served, and those who currently serve, our nation.

Lest we forget.
